April 20, 1999

TO: Minerals File

FROM: Lynn Kunzler, Reclamation Specialist *LK*

RE: Site Inspection, Red Mud Mining Company, Red Mud Mine, S/053/033, Washington County, Utah

Date of Inspection: April 14, 1999
Time of Inspection: 12:30 p.m.
Conditions: Warm and Clear
Participants: Lynn Kunzler and Doug Jensen, DOGM

Purpose of Inspection: To evaluate site conditions.

There was 1.23 acres of disturbance associated with this site (as determined with GPS). The site is located on a hill top with no drainage problems noted. There are no facilities at this site, and no apparent highwall or other hazards. There has been limited activity at this site within the last few months.

The operator has not paid his 1998 permit fee of \$100.00. The Division should follow up with this assessment. It is recommended that this file be left open until reclamation is completed (regraded and seeded). Photos were taken of the site.

A GPS was used to determine UTM coordinates (North 4129304, East 252480).
